

About Us

Healthy Environment Solutions has provided residential and commercial, healthy green cleaning services to clients in the Carolinas and Georgia since 2003.

We deliver quality, affordable, and dependable services that stands above other cleaning companies guaranteeing that all cleaning service plan specifications are performed to the highest industry standards.

We understand that first impressions are lasting ones so we strive to achieve your highest expectations. We consider each and every customer unique. We will customize a cleaning plan that will suit your unique needs.

We are not a franchise! Our company is owner operated assuring you that the job will be done to your complete satisfaction. Our top priority is to treat every job as our first and each customer as our only customer delivering services to keep you happy and ultimately becoming our customer for life.
